SUMMARY

Full Stack Web Developer with a dedication to constant improvement. Recently completed a coding bootcamp through Vanderbilt University. Knows what it takes to take a project from initiation to completion. Effective at combining creativity and problem-solving to develop user-friendly applications.

EDUCATION

Bootcamp Certificate: Vanderbilt University, Full Stack Flex Program

A 24-week intensive, Full Stack JavaScript-based program, learning React, JQuery, Bootstrap, Firebase, Node, MySQL, MongoDB, Express, Handlebars, HTML, CSS

Degrees: Belmont University, Nashville, TN (BBA, 2009)

University of Bath, Bath, UK (PgCert, International Construction Mgmt, 2018)

TECHNICAL SKILLS

Languages: JavaScript, React, Node, Express, MongoDB, MySQL, Handlebars, CSS, HTML

Applications: VSCode, Postman, MySQL Workbench

PROJECTS

RenoMaybe | github.com/JASEpstein/RenoMaybe | <https://renomaybe.herokuapp.com/>

- Completely self-designed tool for determining the value of proposed renovations for a user's home
- Authentication using MongoDB, Express, React/Redux for front-end, Axios for API calls

U-Hike | github.com/JASEpstein/UHike | <https://jasepstein.github.io/UHike/>

- Graphically maps user location with GoogleMaps and allows users to search for different hiking trails
- My role: project concept + UI design, GoogleMaps API integration
- Simple GET requests using Axios transposed onto an interactive GoogleMap, site design using Semantic UI

Jammming | github.com/JASEpstein/Jammming | <https://jasepstein.github.io/Jammming/>

- React app that interfaces with the Spotify API to create and edit playlists for a user's account
- Uses Spotify token authentication protocol to access user account

EXPERIENCE

Home Builder / Real Estate Agent

2012 – 2019

AE Construction, Inc.

Nashville, TN

- Coordinated construction of 32 projects, everything from 5000+ sq ft custom new construction to simple ranch-style home kitchen renovations
- High-dollar custom projects demanded an exacting level of attention to detail and persistence to complete on schedule and within budget
